

COMMONWEALTH OF KENTUCKY  
BEFORE THE PUBLIC SERVICE COMMISSION

\* \* \* \*

In the Matter of:

THE APPLICATION OF THE UNION )  
LIGHT, HEAT AND POWER COMPANY )  
FOR APPROVAL OF A CORRECTION TO ) CASE NO. 9500  
ITS TIME-OF-DAY RATE FOR SERVICE )  
AT DISTRIBUTION VOLTAGE )

O R D E R

On January 28, 1986, Union Light, Heat and Power Company ("Union") applied to the Commission for approval of a correction to its Time-of-Day Rate for Service at Distribution Voltage, Rate DT. In Union's initial filing of its time-of-day rates in Case No. 8870 (Time-of-Day Tariff Filing by Union Light, Heat and Power Company), the applicable demand discount for customers furnishing transformation facilities was stated as being based upon the on peak billing demand. In the tariff filing pursuant to the Final Order in Case No. 9299 (An Adjustment of Electric Rates of the Union Light, Heat and Power Company), Union inadvertently deleted the on peak specification from the demand discount language. From the inception of its time-of-day rates Union has consistently administered the demand discount clause predicated upon the on peak billing demand only. The proposed time-of-day tariff restores the on peak specification to the demand discount language. The correction will not result in an increase in revenue and should be approved.

IT IS THEREFORE ORDERED that the proposed tariff change is approved.

Done at Frankfort, Kentucky, this 4th day of February, 1986.
